THROUGH: SHIREEN MCSPADDEN, EXECUTIVE DIRECTOR

FROM: CINDY KAUFFMAN, DEPUTY DIRECTOR, ESPERANZA ZAPIAN,
INTERIM DIRECTOR OF CONTRACTS

DATE: JANUARY 6, 2020

SUBJECT: **REVIEW AND APPROVAL OF CALIFORNIA DEPARTMENT
OF AGING AND DISABILITY RESOURCE CONNECTION
CRITICAL RELIEF FUNDS FOR COVID-19 PANDEMIC
RESPONSE TO THE CITY AND COUNTY OF SAN
FRANCISCO'S DEPARTMENT OF DISABILITY AND AGING
SERVICES**

Introduction

The Department of Disability and Aging Services (DAS) seeks approval from the Disability and Aging Services Commission for the receipt and use of federal funding provided through the Coronavirus Aid, Relief, and Economic Security (CARES) Act (. The California Department of Aging, administering these funds from the state level, has allocated **\$151,914** directly to the City and County San Francisco's Department of Disability and Aging Services for use in support of Shanti Projects COVID-19 Emergency Response Volunteer (CERV) Program.

Presentation of this allocation before the Disability and Aging Services Commission for approval is requested in order to meet City fiscal guidelines for receipt and use of this funding.

Background

In response to the COVID-19 crisis, Congress approved the Coronavirus Aid, Relief, and Economic Security (CARES) Act which allocated \$50 million in funds at the national level for State Aging and Disability Resource Centers (ADRC). The Administration for Community Living is allocating this emergency funding to states based on the number of individuals in the state who are age 60 and older (based on 2018 Census data) and individuals of all ages with disabilities (based on 2017 American Community Survey data). California's allocated amount is \$3,000,000.

From the state level, the California Department of Aging (CDA) utilized the interstate funding formula to determine funding allocations to each of the six designated ADRCs and ten emerging ADRCs based on a base allocation of \$85,000 and the remaining allocation based on factors including population size, square miles, and geographic isolation of the area served by the ADRC. Application of this formula determined San Francisco's allocation to be **\$151,914**.

The California Department of Aging (CDA) is encouraging and supporting strategies for quickly and effectively using these funds to prevent, prepare for, and respond to, COVID-19 by 1) supporting capacity and resource allocation at the local level to ensure coordination across agencies and 2) supporting immediate response to urgent needs resulting from COVID-19. As part of this commitment to quick and effective utilization of funds, CDA has allocated funds directly to all Area Agencies on Aging and has waived usual requirements related to completion of contracts and/or amendments between CDA and AAAs for receipt of funding.

When utilizing this funding, DAS will still meet regular CDA requirements related to reporting on expenditures including demonstration that funding is used appropriately and in accordance with all applicable guidelines. These funds are available for expenditure until September 30, 2021.

DAS Use of CARES Act Funding

The Department of Disability and Aging Services intends to use these funds in support of Shanti Projects CERV program. Health and safety orders within the city and county of San Francisco have led to many older adults and adults with disabilities sheltering in place with limited access to groceries, medication pick up, mail pick up, and social support. The Shanti CERV program was rapidly developed in response to the COVID-19 emergency in partnership between the Department of Disability and Aging Services and Shanti Project. Shanti volunteers provide one time or occasional practical support to older and vulnerable adults who are strongly advised to limit outdoor exposure during the Coronavirus pandemic. Funding will support the ongoing operation of the CERV program as San Francisco continues to battle surges in COVID-19 infections across the region.

Recommended Action: Approve the receipt of Coronavirus Aid, Relief, and Economic Security (CARES) Act emergency funding in the amount of \$151,643 for use in support of Department of Disability and Aging services for older adults.

PREAMBLE:

California Senate Bill 80 (SB 80) established the first state Aging and Disability Resource Connection (ADRC) Infrastructure Grants Program in 2019. The ADRC program develops coordinated networks of programs and services (No Wrong Door Systems) to serve the needs of older adults, people with disabilities and caregivers in navigating the fragmented/complicated system of long-term services and supports and achieving their personal goals and preferences for healthy aging. If the material is copyrighted with the consent of CDA, the State reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, prepare derivative works, publish, distribute and use such materials, in whole or in part, and to authorize others to do so, provided written credit is given to the author.

ARTICLE XVII. COPYRIGHTS AND RIGHTS IN DATA (Continued)

4. The Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this contract for the acquisition, operation, or maintenance of computer software in violation of copyright laws.

B. Rights in Data

1. The Contractor shall not publish or transfer any materials, as defined in paragraph 2 below, produced or resulting from activities supported by this Agreement without the express written consent of the Director of CDA. That consent shall be given, or the reasons for denial shall be given, and any conditions under which it is given or denied, within thirty (30) days after the written request is received by CDA. CDA may request a copy of the material for review prior to approval of the request. This subsection is not intended to prohibit the Contractor from sharing identifying client information authorized by the participant or summary program information which is not client-specific.
2. As used in this Agreement, the term “subject data” means writings, sound recordings, pictorial reproductions, drawings, designs or graphic representations, procedural manuals, forms, diagrams, workflow charts, equipment descriptions, data files and data processing or computer programs, and works of any similar nature (whether or not copyrighted or copyrightable) which are first produced or developed under this Agreement. The term does not include financial reports, cost analyses and similar information incidental to contract administration, or the exchange of that information between CDA and the Contractor to facilitate uniformity of contract and program administration on a statewide basis.
3. Subject only to other provisions of this Agreement, the State may use, duplicate, or disclose in any manner, and have or permit others to do so subject to State and federal law, all subject data delivered under this Agreement.
