Background

The San Francisco LGBT Aging Policy Task Force was convened in 2012 by the Board of Supervisors to evaluate the needs of LGBTQ+ older adults, to assess the capacity of the current support system to meet those needs, and to make recommendations to address any unmet needs. Findings from the Task Force report indicated that LGBTQ+ older adults, when compared to those who identify with the heterosexual population, live with higher rates of physical disabilities, are more likely to live alone, and have lower levels of social support and companionship. These factors lead to significantly higher rates of social isolation, depression, anxiety, and suicidal ideation.

The Task Force reviewed services available in San Francisco which address these issues and found such services to be lacking. The Task Force specifically recommended a program design which utilizes care navigation and peer volunteer support models of service delivery which have had a history of success.

In response to the Task Force recommendations, new programming designed to address social isolation in the LGBTQ+ older adults and adults with disabilities community was established in fiscal year 2017/2018.

Recognizing a correlation between reduction of social isolation, animal bonding, and improved health outcomes, and to further expand services to include medically vulnerable clients, participants are also assessed for benefits of the Community Living Fund. The Community Living Fund

focuses on reducing unnecessary institutionalization for older adults and adults with disabilities or significant medical conditions. Eligible program participants will be able to access additional funding for purchases of tangible goods such as pet food, pet supplies, medication, and pet health services.

Services to be Provided

Grantee utilizes a service delivery model based on care navigation and peer support volunteers for delivery of animal companion support services and resources.

Care navigators serve as the main points of contact for clients, and provide services which include intake, follow up, ongoing assessment and care coordination, information and referral, and drop-in facilitation. Care navigators also help with the development and utilization of peer support volunteers.

Peer support volunteers provide outreach and supportive services for isolated, underserved LGBTQ+ older adults and adults with disabilities and adults who are medically vulnerable who need pet support services. Use of a peer support network provides a contact-promoting framework for a target population that may be reluctant to seek support services for themselves or their animal companions due to a history of discrimination and marginalization.

Both staff and volunteers work to connect clients and their pets to the pet food bank, pet health and maintenance services, help with walks and exercise for pets, and other assistance as needed.

For more specific information regarding the services to be provided, please refer to the attached Appendix A.

Program monitoring of these services occurred in May 2021 and are compliant with all program requirements.

Selection

Grantee was selected through Request for Proposals #937, which was competitively bid in June 2021.

Funding

Funding for this contract is provided through City and County General Funds.

APPENDIX A: SERVICES TO BE PROVIDED
Shanti Project / PAWS
Animal Bonding Services for Isolated LGBTQ+ and Medically Vulnerable
Older Adults and Adults with Disabilities
July 1, 2021 to June 30, 2023

I. Purpose

The purpose of this grant is to provide animal bonding services to older adults and adults with disabilities, as well as older adults who are medically vulnerable. Pets are a powerful source of companionship and support for their pet owners, but can easily become a difficult responsibility for isolated and vulnerable individuals. Sustaining the human-animal bond can be critical to the health and well-being of those individuals. This grant seeks to address these issues through care navigation, peer support, and pet care resources.

II. Definitions

Activities of Daily Living (ADL):	Activities of Daily Living, or ADLs, is a term referring to basic self-care tasks. These activities are fundamental in caring for oneself and maintaining independence. ADLs include eating, dressing, transferring, bathing, toileting, and grooming.
Adult with a Disability	A person 18-59 years of age living with a disability.
Care Navigation	Includes the following: intake, follow up, on-going assessment, information and referral, on-going care coordination, matching and support of client-volunteer peer support matches, facilitation of peer support volunteer trainings, facilitation of drop-in services, support group facilitation, peer-based psychosocial support (including practical assistance and emotional support).
DAS	Department of Disability and Aging Services
Disability	Mental, cognitive and/or physical impairments, including hearing and visual impairments, that result in substantial functional limitations in one (1) or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, and self-direction, capacity for independent living, economic self-sufficiency, cognitive functioning, and emotional adjustment.

Frail	An individual determined to be functionally impaired in one or both of the following areas: (a) unable to perform two or more activities of daily living (such as bathing, toileting, dressing, eating, and transferring) without substantial human assistance, including verbal reminding, physical cueing or supervision; (b) due to a cognitive or other mental impairment, requires substantial supervision because the individual behaves in a manner that poses a serious health or safety hazard to the individual or others.
Grantee	Shanti Project / Pets Are Wonderful Support (PAWS)
HSA	Human Services Agency
IADL	Instrumental Activities of Daily Living are activities related to independent living and include preparing meals, managing money, shopping for groceries or personal items, performing light or heavy housework, doing laundry, and using a telephone.
Isolation	For the purpose of this program, isolation is defined as combinations of 2 or more of the following factors: self-reported feelings of isolation, mild to moderate depression, lack of natural or reliable supports, chronic illness or conditions, need for emotional and practical support, lack of engagement with available community-based and support networks, and other additional factors that indicate 1:1 in home and wraparound support would be beneficial.
LGBTQ+	An acronym/term used to refer to persons who self-identify as non - heterosexual and/or whose gender identity does not correspond to their birth sex. This includes, but is not limited to, lesbian, gay, bisexual, transgender, genderqueer, and gender non-binary.
Low Income	Having income at or below 300% of the federal poverty line defined by the federal Bureau of the Census and published annually by the U.S. Department of Health and Human Services. This is only to be used by consumers to self-identify their income status, not to be used as a means test to qualify for the program.
Medically Vulnerable	At risk for serious medical complications or unnecessary hospitalization because of deficits in three or more Instrumental Activities of Daily Living (IADLs) due to a medical condition.

Minority	An ethnic person of color who is any of the following: a) Black – a person having origins in any of the Black racial groups of Africa, b) Hispanic – a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin regardless of race, c) Asian/Pacific Islander – a person whose origins are from India, Pakistan or Bangladesh, Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, Guam, or the United States Territories of the Pacific including the Northern Marianas, d) American Indian/Alaskan Native – an American Indian, Eskimo, Aleut, or Native Hawaiian. Source: California Code of Regulation Sec. 7130.
Older Adult	Person who is 60 years or older, used interchangeably with senior.
OCP	Office of Community Partnerships
Peer Support	Includes the use of paid staff, student-interns, and peer support volunteers. Peer support services include emotional and practical support via regular interactions with clients such as social visits, accompaniment to appointments or events, and other assistance.
SOGI	Sexual Orientation and Gender Identity; Ordinance No. 159-16 amended the San Francisco Administrative Code to require City departments and contractors that provide health care and social services to seek to collect and analyze data concerning the sexual orientation and gender identity of the clients they serve (Chapter 104, Sections 104.1 through 104.9).

III. Target Population

Services must target those older adults and adults with disabilities (aged 18-59) who are members of one or more of the following groups that have been identified as demonstrating the greatest economic and social need. In particular:

- LGBTQ+ low-income
- Non or limited English speaking
- Minority
- Frail

IV. Eligibility

Funding for this grant is from different sources to serve multiple populations. Program participants must meet one of the following eligibility criteria:

- LGBTQ+ older adults and adults with disabilities with pets, who are socially isolated and who are residents of San Francisco, or

- Older adults and adults with disabilities with pets, who are medically vulnerable and who are residents of San Francisco.

While not a requirement for the program participation, participants in the program will also be assessed to see if they meet additional eligibility criteria for services under the Community Living Fund program:

- Be willing and able to be living in the community with appropriate supports.
- Have income up to 300% of Federal Poverty Level for a single adult: \$36,180 plus savings/assets of up to \$6,000 (excluding assets allowed under Medi-Cal).
- Have a demonstrated need for a service and/or resource that will serve to prevent institutionalization or will enable community living.
- Deemed through assessment to be at imminent risk of being institutionalized. In order to be considered “at imminent risk”, an individual must have, at a minimum, one of the following:
 - A functional impairment in a minimum of two Activities of Daily Living (ADL): eating, dressing, transferring, bathing, toileting, and grooming; or
 - Have a medical condition that requires a level of care that would be provided in a nursing facility; or
 - Be unable to manage one’s own affairs due to emotional and/or cognitive impairment.

V. Description of Services / Units of Service

In recognition of the strong support a pet can provide for an isolated or medically vulnerable individual, this program seeks to blend the following proven models of service to both address the social, emotional, practical, and behavioral health needs of isolated LGBTQ+ older adults, medically vulnerable adults, people with disabilities, and to provide support to their animal companions.

- A. Care Navigation: Care navigators serve as the main point of contact for clients, and provide services which include but are not limited to intake, follow up, ongoing assessment and care coordination, information and referral, and drop-in facilitation. Care navigators will also help with the development and utilization of peer support volunteers who, in turn, help support clients participating in the program. Care navigators will match peer support volunteers with clients and assist with facilitation and dedication of pet care services and resources, peer support volunteer trainings, and peer-based psychosocial support.

Care navigator qualifications are based on expertise in providing harm reduction-based coordination, advocacy, and/or psychosocial support to at-risk communities, and therefore these positions are not required to have specific licensure or graduate-level training. Care navigators are evaluated for experience and competence in serving severe need populations and targeted communities.

- B. Peer Support: Peer support volunteers provide outreach and supportive services for isolated, underserved LGBTQ+ older adults and adults with disabilities and adults who are medically vulnerable who need pet support services. Use of a peer support network

provides an innovative service delivery framework for a LGBTQ+ population that may be reluctant to seek support services for themselves or their animal companions, or for individuals who cannot adequately attend to their own medical treatments or requirements.

Grantee will develop an assessment and training program for peer volunteers prior to matching them to clients. Assessment should include evaluation of a volunteer's physical and mental health status and ability to provide support as intended by this program element. Training should be comprehensive; suggested topics could include animal care basics, cultural competency, boundaries, Aging 101, the grieving process, suicide ideation, clinical issues (including cognitive impairment), psychosocial issues, harm reduction models, and the peer counseling/support model.

Through intake and assessment, Grantee will determine pet care resources that best fit each client's needs. Current available care options, which are largely leveraged by Shanti from other financial resources, include but are not limited to the following:

- **Pet Food Bank:** Clients are entitled to one visit every 4 weeks. Homebound clients can register for the food delivery program. Prescription food is also available with a vet prescription.
- **Annual Wellness Exam:** Each registered pet may receive one free exam and a set of vaccinations each year at Pets Unlimited. Clients may also qualify for financial assistance with veterinary services, emergency pet services, and diagnostics like x-rays or biopsies.
- **Supportive Pet Care Services:** Supportive services include dog walking (regular exercise for pets whose guardians are homebound); in-home cat care (litterbox maintenance or feeding); transportation (to and from veterinary appointments); emergency foster care (during client emergencies, such as client hospitalization or loss of housing).

While not a requirement for program participation, all consumers entering this program will be assessed for Community Living Fund eligibility. Eligible program participants will be able to access additional funding for purchases of tangible goods such as pet food, pet supplies, medication, and pet health services.

The Community Living Fund focuses on reducing unnecessary institutionalization for older adults and adults with disabilities who are medically vulnerable. Recognizing a correlation between reduction of social isolation, animal bonding, and improved health outcomes, the Community Living Fund will support the Animal Bonding Services for Isolated LGBTQ+ Older Adults and Adults with Disabilities Program. This increased financial support will allow the contractor to reduce the waitlist and serve an increased number of consumers.

In delivery of the above program model, the following units of service will be used to help measure program performance:

- 1) Unduplicated Consumers. Grantee will provide services to consumers which consist of the target population.
UNIT: One unduplicated consumer.
- 2) Care Navigation. Grantee will provide care navigation services, consisting of: intake, follow up, on-going assessment, information and referral, on-going care coordination,

matching and support of client-volunteer peer support matches, coordinating pet-focused volunteers to assist with the needs of clients' pets, facilitation of peer support volunteer trainings, facilitation of drop-in services, support group facilitation, peer-based psychosocial support (including practical assistance and emotional support).

UNIT: One hour of care navigation services.

- 3) Volunteer Recruitment and Development. The service model includes volunteers that are trained and then assigned to work with clients and their pets. Grantee will conduct outreach to draw volunteers who will then undergo formal training and will make a specified minimum time commitment to the program.

UNIT: One volunteer.

- 4) Peer Support. Grantee will provide peer support through the use of paid staff, student-interns, and peer support volunteers. Peer support services include social, emotional, and practical support via regular interactions with clients; and assistance with pets such as walking/exercise, maintenance, administration of medications, and emergency foster care.

UNIT: One hour of peer support to consumers.

VI. Location and Time of Services

Details of the sites and operation hours are as attached in the Site Chart (Appendix F)

VII. Service Objectives

On an annual basis, the Grantee will:

- Provide program services for at least **155** unduplicated isolated LGBTQ+ or medically vulnerable consumers.
- Provide at least **960** hours of care navigation to consumers.
- Provide volunteer recruitment and development services to at least **15** volunteers.
- Provide at least **1,350** peer support hours to consumers, delivered by trained peer support volunteers.

VIII. Outcome Objectives

- At least **fifty percent** (50%) of consumers will respond to an annual consumer satisfaction survey.
- At least **fifty percent** (50%) of pet assistant volunteers will respond to an annual volunteer survey.
- At least **seventy percent** (70%) of consumers responding to an annual consumer satisfaction survey will report that participation in this program allowed them to keep their animal.

- At least **seventy percent** (70%) of consumers responding to an annual consumer satisfaction survey will indicate that participation in this program helped improve their health and/or well-being.
- At least **seventy percent** (70%) of pet assistant volunteers responding to an annual volunteer survey report that their training was comprehensive and helpful to their program role.
- At least **seventy percent** (70%) of consumers will experience reduced isolation or prevention of isolation by their engagement in care navigation, volunteer peer support activities, and animal support services.
- At least **seventy percent** (70%) of CLF eligible consumers participating in this program will report reduced risk for hospitalization due to program participation.

IX. Reporting Requirements

- A. Grantee will enter into CA-GetCare the consumer data including the Intake Form by the 5th working day of the month for the preceding month's services.
- B. Grantee will enter into CA-GetCare all the units of service in the Service Recording Tool by the 5th working day of the month for the preceding month.
- C. Monthly reports must be entered into the Contracts Administration, Billing and Reporting Online (CARBON) system for each unit of service delivered during the reporting period for each service listed in Section VI.
- D. Grantee shall issue a Fiscal Closeout Report at the end of the fiscal year. The report is due to HSA no later than July 31 of the following fiscal year. This report must be submitted to the CARBON system.
- E. Grantee will be compliant with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security rules. For specific compliance requirements, please refer to Appendices within the Grant Agreement.
- F. Grantee program staff will complete the California Department of Aging (CDA) Security Awareness Training on an annual basis; Grantee will maintain evidence of staff completion of this training.
- G. Grantee will provide an annual consumer satisfaction survey report to OCP by March 15 each grant year.
- H. Grantee will report at the end of the fiscal year the numbers of referrals from PAWS to the Community Living Fund program for intensive case management services.
- I. Grantee shall develop and deliver an annual summary report of SOGI data collected in the year as requested by DAS/HSA. The due date for submitting the bi-annual summary report is January 10 and July 10.
- J. Grantee shall develop and deliver ad hoc reports as requested by DAS/HSA.
- K. Grantee will develop and maintain with OCP approval, an updated Site Chart (using the OCP format) with details about the program.
