The Department of Disability and Aging Services (DAS) requests authorization to modify the existing grant with Family Caregiver Alliance (FCA) for provision of Family Caregiver Support Program for the period of December 1, 2022 through June 30, 2024, in the additional amount of \$506,070 plus a 10% contingency for a revised total amount not to exceed \$4,515,546. This modification increases the opportunity to expand services to caregivers. This one time funding allocation of \$506,070 consists of a combination of American Rescue Plan Act (ARPA) - \$344,186 (Appendix B-5), Older Adults Recovery & Resilience (OARR) - \$75,000 (Appendix B-6), Cost of Doing Business (CODB) - \$66,884 and Dignity Funds - \$20,000 (Appendix B-4).

Background

The Family Caregiver Support Program (FCSP) is a program created as Title III-E of the Older Americans Act. The Administration on Aging administers the program at the federal level, and the California Department of Aging and the San Francisco Department of Disability and Aging Services (DAS) administers the program at the state and county levels, respectively. The service design of the FCSP is to promote an effective caregiver support system by improving both caregiver's and care recipient's well-being, increase public support for family care and support caregivers by formal and informal community support structures. Families are the mainstay underpinning long-term care (LTC) for older persons in the United States.

DAS is committed to addressing identified needs in the Dignity Fund Community Needs Assessment. Caregiver support services are a need for those individuals caring for older adults and adults with disabilities. Caregiver support providing enhanced respite care has been identified and continues to be a need.

Respite care provides caregivers with temporary in-home or out of home relief from caregiving responsibilities. Respite care is designed to help sustain caregiver health and well-being by giving them short-term breaks which is instrumental in enabling the care receiver to remain in the home and prevent or delay the need for a higher level of care.

Services to be Provided

Under this modification, the grantee will provide above and beyond their current grant:

- o Respite: 2,240 hours in FY22/23 and 4,440 hours in FY23/24
- Individual Caregiver Counseling- additional 100 hours for both years
- Caregiver Support Groups additional 120 hours for both years
- Caregiver Counseling ongoing additional 95 hours for both years

• Public Information for Caregivers - additional 8 activities and resources for both years

Selection

Grantee was selected through Request for Proposals #875, which was competitively bid in January 2020.

Funding

Funding for this grant is provided through a combination of Federal, State, and Dignity Funds.
