# Mayor's Budget Drivers

- City projects \$728 M budget deficit over the next two fiscal years
  - Slowed revenue growth
    - Especially in City's largest tax bases – property, business & transfer taxes
    - Decline in commercial & residential property values; high office vacancy rate
  - Increased expenses
    - Inflation, rising interest rates, higher pension and health care costs
    - Assumes fully funding 10-year capital plan & new baseline for schools
  - Loss of temporary Federal Covid-19 relief funding
- Salary and Benefits – assumes CPI-based wage increases in future years on open labor contracts (3.56% in FY 23-24, 2.62% in FY 24-25)
- Much will depend on the City's continued recovery & revitalization efforts

# Mayor's Budget Instructions

- Departments asked to reduce General Fund budgets by 5% in FY 23-24 and 8% in FY 24-25; for HSA this translates into:
  - **\$2 million in FY 23-24**
  - **\$3.2 million in FY 24-25**
- Prioritize filling positions in core services which will support local economic recovery, but reclassifying or holding vacant the nonessential
- Budgets should reflect the Mayor's priorities, which include:
  - Continued focus on public safety, homelessness & mental health
  - Restoring vibrancy of the City, especially downtown
  - Delivering on accountability and equity in City spending
- Prepare for conditions to worsen & instructions to be revised

# State/Federal Budget & HSA approach

- State budget picture also worsened over the past year
  - \$22.5 B shortfall expected in FY 23-24 largely as a result of lower revenues
  - State maintains – and in some instances grows modestly in line with expected caseload growth – core funding in social services programs
  - Uncertainty remains, but State budget reserves are *not* tapped as part of the Governor’s proposal, preserving that lever if needed
- Withdrawal of Federal pandemic-relief funding adds budgetary pressure across the City, including some HSA programs
- HSA will seek to maintain critical client services, maximize existing - and leverage new - revenue opportunities, and repurpose existing positions in order to meet demand
