

Service Site Guide

December 2023

This resource provides a map and list of sites throughout the city — organized by Supervisorial District — where services are directly provided or administered by the San Francisco Department of Disability and Aging Services (DAS) through partnerships with community-based organizations. This guide reflects updates through December 2023.

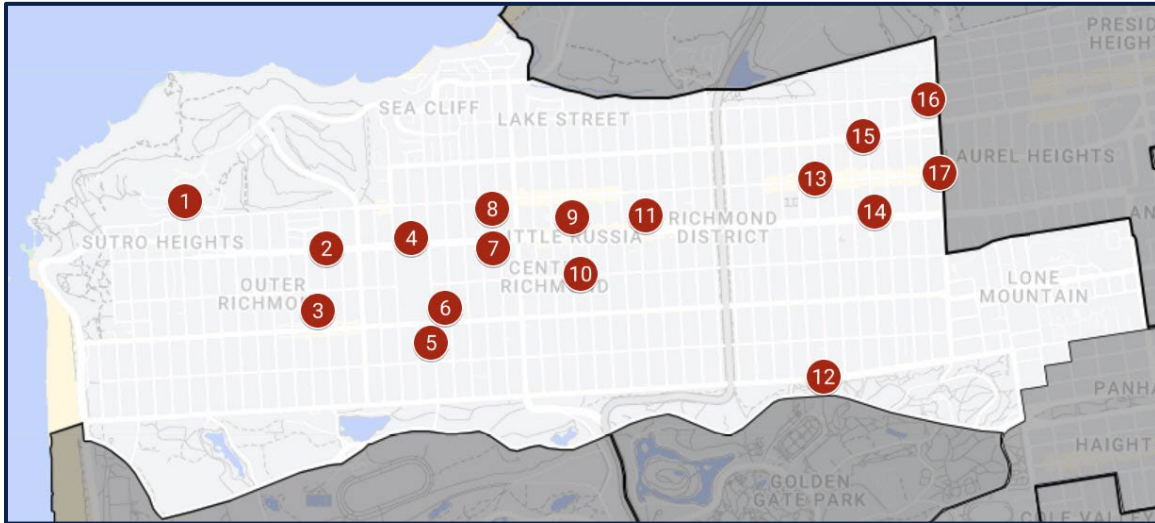

In addition to the services listed in this guide, DAS provides many services that are not site-specific, such as home-delivered meals and in-home care. These services are available citywide (accessible via phone or provided to the client in their home). To learn more about these services or any other program supported by the Department, contact the DAS Benefits and Resources Hub at (415) 355-6700 or visit our website at sfhsa.org/das.
